

Premier Hosting, Inc.

Ready to Go Web Sites are selling like Hot Cakes! U Sell Corp, a Premier Hosting Co. is creating new designs for their Ready to Go Websites, dropship ready.

Premier Hosting is currently designing new websites for their Ready to Go Websites. These are EXTREME Websites that normally cost \$4,200 but you can get yours today for only \$1,295! You better hurry because they are selling fast. Check out examples the sites at <http://www.usellcorp.com/ready2go.php> and notice how fast these websites are selling.

Each site is custom made! You still get everything else included with our extreme websites, but you save time and money by going with these pre-built custom designed websites. The Ready to Go websites are designed by our staff to be one of a kind with a good domain name already submitted to the Search Engines. This will give you a head start on your ROI. Plus we'll give you 2 hours of our website designers' time to fix any little things you would like changed!

So what exactly are the benefits of purchasing a Ready to Go Website?

1. Have your site up and running within 24 hours.
2. These Web Sites may have some traffic coming to it already.
3. Same GREAT Services as with our other web sites
4. Quick, Fast and Easy to get started before the Holiday Season.
5. The domain name is already chosen for you. You must keep the existing domain name, however you can point other domain names to it.
6. You'll get a Merchant Account for \$29.95 to accept Visa, MC and Discover
7. Free Software and Product Updates as long as we host your web site.
8. Easy access to True Dropshippers and selling products online. Starting your own ecommerce business has never been easier!
9. Best of All – NO WAITING!
